

7. DEPUTATIONS BY APPOINTMENT

Resealing of Vehicle Entranceways - Fendalton/Waimairi and Riccarton/Wigram Community Boards

Mr Mike Wall, Chairman, Fendalton/Waimairi Community Board and Mr Mike Mora, Chairman, Riccarton/Wigram Community Board attended and spoke further to the recommendations from their respective Community Boards that the Sustainable Transport and Utilities Committee review the current policy on the maintenance of vehicle entrances where there are footpaths on one side of the street only.

Mr Wall advised that this issue had recently come to prominence again in respect to Harkness Place within his Board's area and himself and Mr Mora indicated that they felt that the current practice of not sealing vehicle entranceways on the side of the street which did not have a footpath was unfair to the residents concerned and they requested that the Committee review this policy.

The opportunity was taken for questions and discussion with members of the Committee and the representations from Mr Wall and Mr Mora were considered in association with clause 7 of the agenda relating to the resealing of vehicle entranceways.
