General Manager responsible:	General Manager City Environment, DDI 941-8608
Officer responsible:	Transport and Greenspace Manager
Author:	Jon Ashford/Mark Millar, Network Operations

PURPOSE OF REPORT

1. The purpose of this report is to seek the Council's approval of:
 - (a) the revocation of all no stopping restrictions for Norwich Quay and Gladstone Quay (State Highway 74),
 - (b) the Schedule of Resolutions for the Parking Restrictions and Traffic Control Devices on Norwich Quay (State Highway 74).

EXECUTIVE SUMMARY

2. On 6 March 2006, the Banks Peninsula District was amalgamated with Christchurch City. The records of the resolutions for the existing parking restrictions and traffic control devices as currently marked and / or signed in the Lyttelton area have not been located.
3. To be legally enforced, parking restrictions and traffic control devices must be resolved by Council or a delegated authority. As noted in Paragraph 8, the Community Boards have delegated authority from the Council for the resolution of parking restrictions and traffic control devices on City Council roads. The New Zealand Transport Agency (NZTA) has delegated parking restrictions on State Highways to the Council. Therefore the resolutions for Norwich Quay (which is a State Highway) have to be approved by the Council. The NZTA has removed the delegation for no stopping restrictions from the Council, so all current no stopping restrictions on Norwich Quay and Gladstone Quay (both State Highway 74) need to be revoked by the Council and subsequently resolved by the NZTA.
4. To allow the existing parking restrictions and traffic control devices to be legally enforceable, staff have recorded all existing parking restrictions and traffic control devices in the Lyttelton area and drafted resolutions as part of this report for the Board's approval. Any parking restrictions and traffic control devices installed after 1 January 2007 are not included as a record of their resolution by the Board is available.

1 Cont'd

5. Approval of the Schedules of Resolutions for the Lyttelton Area and Norwich Quay – Parking Restrictions and Traffic Control Devices will allow the Council to hold a record of the resolutions of parking restrictions and traffic control devices in the Lyttelton area. These can then be enforced by Police and Parking Enforcement Officers and any infringement notice that is issued can be easily defended if challenged in court.
6. No consultation has been undertaken with local residents or businesses as these are all existing parking restrictions and traffic control devices.

Do the Recommendations of this Report Align with 2009-19 LTCCP budgets?

7. The installation of road markings and signs is within the Streets and Transport Operational Budgets – Page 86 of the 2009-19 LTCCP.

8. The Community Boards have delegated authority from the Council to exercise the delegations as set out in the Register of Delegations dated December 2009. The New Zealand Transport Agency has delegated parking restrictions on State Highways to the Council.

PART B - REPORTS FOR INFORMATION

3. STRUCTURES ON ROADS POLICY 2010

The Board considered a report seeking its comments on the draft Structures on Roads Policy 2010.

The Board made the following comments, which will be considered as part of an upcoming report to the Council.

- (a) The Board considers that the Introduction needs to state that the roadway is a community owned public space and a resource. No assumption that the public can use the roadway for structures should be inferred and land owners need to justify any exception to not using their own land.
- (b) The Board considers that some non-habitable structures as described in Scope – Introduction, are actually inhabited in Lyttelton.
- (c) The Board considers that the Council's Urban Design Panel input should apply to Banks Peninsula matters too (clause 2.2 Scope).
- (d) The Board considers the 2.9 metre height for a verandah to be unrealistic on steep sloping streets e.g. Oxford Street, Lyttelton as per Clause 2.1 (b). Consideration is required to keep the existing verandahs.
- (e) Structures Encroaching on Roads Clause 3 should include vehicle access ramps, not necessarily retained, and pedestrian ramps and stairs e.g. as in hill locations.
- (f) Enforcement of non-permitted structures must be effective i.e. against fences on public space, incorrect use of garages.
- (g) Criteria needs to be set for examples of private driveway ramps being constructed over road reserve and retaining walls being constructed limiting future road widening.
- (h) The Board wishes to be involved in decision making.
- (i) Liability for the removal of unlicensed structures should be stated, in particular in cases where property ownership changes, to ensure the Council does not have responsibility for derelict or unwanted structures.
- (j) Should boat sheds on road reserve be noted as an exclusion in this policy.
- (k) The Board supports a review of a user pays approach to the use of open space reserves, particularly roads, taking into account the public good that comes from people maintaining road frontage/providing verandahs etc.

4. DEPUTATIONS BY APPOINTMENT

4.1 BRYAN FOWLER AND ANNIE BAXTER – STODDART COTTAGE TRUST

Mr Bryan Fowler (Chairman) and Mrs Annie Baxter (Housekeeper) of the Stoddart Cottage Trust gave a presentation to the Board, dressed in period costume acting as Mr Mark Stoddart and his daughter Margaret Stoddart. "Mr Stoddart" outlined how he came to name Diamond Harbour, construct Stoddart Cottage and bring up his family there, including Margaret who became an accomplished artist. Stoddart Cottage is now almost 150 years old and is a Council owned community facility, leased to a Trust and run as an art gallery and tea rooms with volunteer staff.

4.2 SERGEANT GARY MANCH – LYTTTELTON POLICE

Sergeant Gary Manch, who has recently taken over as Officer in Charge, Lyttelton Police Station, updated the Board on local policing issues and concerns including vehicles speeding past school buses, graffiti, skateboarders using roadways and problems caused by alcohol abuse.

Sergeant Manch was accompanied by Inspector Malcolm Johnston, District Operations Commander, Southern District, who provided the Board with the latest crime statistics. He noted it was pleasing that there has been a nine per cent reduction in crime in the Lyttelton area, year to date.

Sergeant Manch expressed a desire to update the Board more regularly and to have an input when liquor licensing applications are being considered.

4.3 JOSH COLLINS – LYTTTELTON SKATE PARK

Josh Collins addressed the Board with a request for a new skate park in the vicinity of the Lyttelton Recreation Ground and adjacent to the Jack Tar Sailing Club. He advised that in his opinion the present Lyttelton skate park is now often crowded and too small, has a rough surface which is hard to skate on, not enough features and has no room to allow expansion.

Master Collins advised that he has organised two petitions with a view to improving skateboarding facilities. He is also aware there could be problems with the proposed location of the new skate park being some distance from the central township. Board members suggested that perhaps the existing skate park could be extended into areas that are not being utilised at present and that a proposal for closing a Lyttelton Street for special event skateboarding could be considered. Members also noted that the Board had received requests from young people in Diamond Harbour and Governors Bay to have skate parks constructed in those areas.
