##### Do the Recommendations of this Report Align with 2009-19 LTCCP budgets?

8. Yes. The Heritage Incentive Grant budget is an annual fund provided for in the 2009-19 LTCCP.

##### LEGAL CONSIDERATIONS

9. Limited Conservation Covenants are required under the Heritage Conservation Policy for properties receiving Heritage Incentive Grants of \$5,000 to \$49,999. A Full Conservation Covenant is required for grants of \$50,000 or more.

**Have you considered the legal implications of the issue under consideration?**

10. Yes. Covenants are a more comprehensive form of protection for the buildings because they are registered against the property title, ensuring that the Council's investment is protected. For all grants approved in the six month period 1 January to 30 June 2010, covenants have been required as a condition of grant approval where the value of the grant exceed \$5,000.

**ALIGNMENT WITH LTCCP AND ACTIVITY MANAGEMENT PLANS**

11. The Heritage Incentive Grants Scheme is aligned to the Community Outcome 'An attractive and well-designed City' (LTCCP 2009-19, page 50). 'Community Outcome 9. Development' provides for, among other things, ensuring "our lifestyles and heritage are enhanced by our urban environment" (page 54). One of the success measure is that "Our heritage is protected for future generations" (page 54). "Progress will be measured using these headline indicators ... number of heritage buildings, sites and objects." (page 54). Heritage Incentive Grants contribute towards the number of protected heritage buildings, sites and objects, which is the measure under the outcome.
12. Within the 'Activities and Services' section of the LTCCP, is 'City planning and development' which aims to help improve Christchurch's urban environment, among other things. One of the activities included in 'City planning and development' is 'Heritage protection'. "A city's heritage helps to sustain a sense of community identity, provides links to the past, and helps to attract visitors. The Council is committed to protecting the heritage of our city and works with developers, landowners and other stakeholders to conserve heritage buildings, areas and other items" (page 187).
13. 'Heritage Protection', requires the Council to "Research and promote the heritage of Christchurch and Banks Peninsula. Work with developers, landowners and other stakeholders to conserve heritage areas, buildings, and other items. Promote development that is sensitive to the character and heritage of the city and existing communities." (page 192). The Council provides information, advice and funding for city heritage and heritage conservation, and will be expected to continue to do so, as part of its objective to retain heritage items.

**Do the recommendations of this report support a level of service or project in the 2009-19 LTCCP?**

14. Yes.

**ALIGNMENT WITH STRATEGIES**

15. Alignment of the requirement for Heritage Incentive Grants and Conservation Covenants stems from the Heritage Conservation Policy which in turn is relevant to:
- Greater Christchurch Urban Development Strategy (UDS)
  - Christchurch City Plan and Banks Peninsula District Plan
  - Central City Revitalisation Strategy
  - New Zealand Urban Design Protocol.

**Do the recommendations align with the Council's strategies?**

16. Yes.

**CONSULTATION FULFILMENT**

17. There is no requirement for community consultation for Heritage Incentive Grants or Covenants.

**STAFF RECOMMENDATION**
