PART B - REPORTS FOR INFORMATION

1. DEPUTATIONS BY APPOINTMENT

1.1 MARTIN STAPYLTON-SMITH, CAMP BAY

Martin Stapylton-Smith from Camp Bay addressed the Board regarding concerns with freedom campers and the affect they were having on his family and property, particularly the lighting of fires, inappropriate toileting, vandalism and burglaries. He noted the lack of relevant signage at Camp Bay and questioned whether there were bylaws or legislation covering freedom campers, and if so, he requested that the Council carry out some enforcement.

Mr Stapylton-Smith said he had approached the Department of Conservation, Environment Canterbury, the Council and Land Information New Zealand (LINZ) regarding these ongoing problems, but that no one agency has been prepared to take responsibility to try to rectify the situation.

Mr Stapylton-Smith also expressed concern about the consultation process for the Council's Open Space Strategy. He felt the Strategy had direct implications for his land but that he had not been specifically consulted. He reported that because of the Strategy some members of the public now had the perception that his coastal land is available for recreation and camping.

Correspondence relating to this deputation was also considered by the Board.

The Board **decided** to refer the correspondence from the Stapylton-Smiths to staff and ask that they respond, particularly to the four specific questions raised at the end of the letter, and that staff also clarify for the Board what agencies are responsible for the areas of land/coast in question.

1.2 ELIZABETH GRAHAM, LINWOOD

Elizabeth Graham addressed the Board to provide further information to her correspondence regarding the Lyttelton Public Toilets. Ms Graham reported that the cleaner of the toilets had informed her that the toilets are only locked when they were damaged and awaiting repairs. The Board **decided** to note the comments made and thank Ms Graham for the information.
