PART B - REPORTS FOR INFORMATION

1. DEPUTATIONS BY APPOINTMENT

1.1 LYTTELTON PORT COMPANY AND ENVIRONMENT CANTERBURY

Kim Kelleher, Environment Manager and Paul Kelleghan, Programme Manager, from the Lyttelton Port Company (LPC) briefed the Board on the issue of debris washing up on the beaches around Lyttelton Harbour, from the reclamation project LPC was carrying out. An escape of debris through a broken boom had occurred, however that had now been rectified, the majority of the debris cleared, and steps taken to strengthen the boom and provide a backup system. The situation is also being constantly monitored along with sediment and tissue testing in the harbour.

Chris Elsmore from Environment Canterbury also briefed the Board on this issue, reporting on the random checking of trucked reclamation material and the reclamation area.

Members expressed concern about the possible effects of floating debris affecting boating and swimming activities in the harbour over summer, particularly in Corsair Bay where a swimming programme is being held in January. Assurances were given that inspections would continue and any debris found would be cleared.

1.2 ELIZABETH GRAHAM

Ms Graham addressed the Board regarding the Number 535 bus which provides a service between Lyttelton and the Eastgate Mall. She was concerned that the bus did not connect well with the sailing times for the Diamond Harbour ferry, and did not travel down onto the wharf to collect passengers. This was causing an inconvenience for passengers, particularly the elderly.

Members commented that whilst initially there had been no indication of a need for temporary accommodation for local residents, the situation in the harbour area is now different due to the issuing of Section 124 notices because of rockfall danger.
