

ELECTION OF TWO (2) COUNCILLORS FOR THE BURWOOD WARD

Carole EVANS

Independent

An Independent City Councillor, Carole Evans is interested in the betterment of our City and giving the City ratepayers good value. She places great importance on the quality of life and family values and continues to work hard to protect the unique character of Christchurch by placing real value on the environment. Carole has a great love for her city and a fine record of 45 years voluntary service with a track record of action. In seeking re-election she promises to serve you and our city without prejudice and to continue to vigorously represent you to the best of her ability. She is standing for one position and lives in the ward. Carole stands as an Independent in her belief that party politics has no place in local government; she prefers to be accountable to the electors, not a political party. Contact Carole 388-6784, Email carole.evans@ccc.govt.nz

Carmen HAMMOND

Labour for Christchurch 2021

There are several issues that I feel particularly passionate about. These are the preservation of beaches, parks and wetlands, the improvement of the streets where we live, the safety of our families, and the security of our homes and businesses against crime. I have lived, received my education and worked on the eastern side of Christchurch. I have a true understanding and respect for the people that live in the area. I am a former Chair and current committee member of the Ascot-Freeville Residents' Association. With qualifications in business management, 10 years' experience working with youth and presently employed as a manager of services to the elderly, my experience with people spans all ages. I understand that people are busy with balancing work, raising families, and recreation. I want to support people by working on issues important to them. Phone 3899802.

ELECTION OF TWO (2) COUNCILLORS FOR THE BURWOOD WARD

Don ROWLANDS

Labour for Christchurch 2021

Community Boards have a key role in strengthening communities and facilitating grassroots input into Council matters. As Deputy Chairperson of the Burwood-Pegasus Community Board I have been proactive in a number of community and environmental projects such as the Travis Wetland, Parklands Community Centre extensions and the North New Brighton Hall upgrade. I am Board liaison to the Golf Links and Dallington Residents Associations. I've enjoyed giving support to a number of community and sporting groups in my role as Chairperson of the Community Funding Committee. I will campaign to bring forward the opening date for the Parklands Library and to have a blitz on graffiti. We need a vibrant New Brighton foreshore and mall. More recreation needs to be provided for youth. The upgrade of Queen Elizabeth II Park also needs to be completed to international standards. Phone 3854075.

Gail SHERIFF

Independent

As an Independent experienced City Councillor I have enjoyed the challenge of dealing with issues and keeping a close scrutiny on all council spending. I will continue to advocate for public ownership of City Council assets and endeavour to confront any aspect of council decision making that I think is in conflict with the views of the community. I have been grateful for the experience as a Director of the Christchurch International Airport. Volunteer work has included Treasurer for Citizens Advice Bureau, voluntary driver Community Car Watch, Chairman Festival of Flowers, the production of the Community Directory, and attending many Residents' Association meetings during the past 6 years. In seeking re-election I promise to serve you without prejudice and work to the best of my ability, I will continue to make myself available. My contact number is 388-5137, E-Mail gail.sheriff@ccc.govt.nz Fax 388-5199.
