Alister JAMES

Labour for Christchurch 2021

I am a current City Councillor representing Pegasus Ward and a member of the Burwood-Pegasus Community Board. As Chairman of Christchurch City Holdings Limited, I am primarily responsible for the Council's trading activities, including investments in the Airport, Lyttelton Port, Orion, Selwyn Plantations and City Care. My practical experience as a lawyer has been useful to me as a City Councillor advocating for the community. Important local issues include the 'green edge', particularly as it affects Bexley, the Aranui renewal project, completion of the Woolston-Burwood expressway, and the development of New Brighton. I'm keen to see New Brighton beach developed as a major leisure attraction for Christchurch, including the artificial reef for surfers. As an active City Councillor, I serve on the Strategy and Resources, Community Services, Legislation and City Services Committees, and on the Annual Plan Working Party. Phone 388-0965.

ELECTION OF TWO (2) COUNCILLORS FOR THE PEGASUS WARD

Winton ROYDS

Independent Citizens

Winton Royds is definitely not a yes man and deplores a bloc voting and party politics so undesirable in Council affairs. His 38 years in real estate has kept him in touch with people and issues. He is open minded to the problems needing resolution including the Estuary contamination and the Brighton Mall. The wealth of differential between the western and eastern sides of Christchurch concerns him. Winton feels candidates should not succeed just because of prolific mindless signage and advertising. His grandfather, Ray Blank, was Chairman of the Waimairi County Council and did a lot of good work in Pegasus, which Winton would like to continue. Winton thinks Council instead of useless self-congratulatory surveys should investigate why Christchurch lost population for the last 6 years. Phone 381-5444.

Chrissie WILLIAMS

Labour for Christchurch 2021

As current Chairperson of the Burwood-Pegasus Community Board I am involved with assisting Aranui community renewal, encouraging New Brighton redevelopment, promoting the use of community centres and supporting community childcare. My wish for healthy rivers, wetlands, waterways and estuary is expressed by my membership of the Estuary Association and as trustee of Bexley Wetland and Travis Wetland Trusts. I would like to see more people cycling or using buses, and want to ensure the roads are safe for cyclists and pedestrians. I suggested the 'Stop. Look. Cyclist.' stickers to the Council. I live in Pegasus with my partner and children. I understand the need for providing facilities and programmes for families, children and youth. With a degree in technology, teaching experience, sports administration, and involvement in orienteering and sea-kayaking. I will bring the skills I have learned in these activities to the City Council table. Phone 388-0798.
