

Regulatory services

I like living in the "People's Republic of Christchurch." It's a positive city and we enjoy showing people around when they come to visit. I think the Council's helping make sure it stays a good place to live. The Garden City concept carries through and that's great, but I sometimes think we could do with fewer slogans.

We had a change at an intersection near here and I was worried it would increase speeds. I was listened to and answered and that's good. I didn't get what I wanted but I was allowed to have my say and I'm sure it was considered.

Regulatory services

Why is the Council involved in regulatory services?

The Council administers and enforces the statutory regulations for building and development work, the health and safety of licensed activities and the keeping of dogs, with minimal compliance costs. In addition, complaints about nuisances and non-compliance are investigated and the potential effects of various activities are assessed.

What activities are included in regulatory services?

Enforcement and inspection activities

The Council minimises potential hazards and nuisances from dogs and wandering stock, investigates complaints about nuisances and non-compliance, assesses the potential effects of various activities, registers food premises and issues sale of liquor licences.

Regulatory approvals

The Council processes applications for project information memoranda (PIMs), land information memoranda (LIMs), land use resource consents, subdivision consents, building consents, code compliance certificates and building warrants of fitness in accordance with relevant statutes.

Maintaining and reviewing the City Plan

The Council plans and provides for the sustainable management, development and protection of natural and physical resources of the city, as required by Section 5 of the Resource Management Act 1991.

How does the Council's work contribute towards our Community Outcomes?

	Community Outcome	How the Council contributes	How much?
	Safety	Legislative requirements are enforced to ensure the safety and health of people. Nuisances and adverse effects on people and the environment are minimised or eliminated. Consent processes ensure safe buildings. Hazards from aggressive or wandering dogs or livestock are minimised.	✓✓✓
	Environment	The City Plan identifies and protects the key elements of the natural environment from the adverse effects of use and development. Consent processes ensure an attractive built environment and minimise adverse effects on the environment.	✓✓✓
	Health	Legislative requirements are enforced to ensure the health and safety of people. Nuisances and adverse effects on people and the environment are minimised or eliminated.	✓✓✓
	City Development	The City Plan provides the planning framework for Christchurch that it continues to be attractive, and that new development enhances it. Consent processes ensure an attractive built environment with safe buildings and minimise adverse effects on the environment.	✓✓✓

Measuring our achievements

Measures and targets	Current performance	06/07	07/08	08/09	09/10	10/11	11/12	12/13	13/14	14/15	15/16
% of walk-in customers satisfied with service received.	Not currently measured	80%	80%	80%	Ongoing target 80%						
% of all regulatory applications processed within statutory time-frames.	Target 100% Actual 69%	100%	100%	100%	Ongoing target 100%						
% of responses to complaints or requests for investigations completed; • within 10 working days (simple request), • 60 working days (complex request).	Simple - 37% (target 80%) Complex - 64% (target 80%)	Simple 100% Complex 80%	Simple 100% Complex 80%	Simple 100% Complex 80%	Ongoing targets: Simple 100% Complex 80%						
% of responses to complaints of excessive noise within an average of 30 minutes.	100%	100%	100%	100%	Ongoing target 100%						
% of Priority 1 complaints (wandering stock and aggressive behaviour by dogs) responded to within 2 hours.	100%	100%	100%	100%	Ongoing target 100%						
% of Priority 2 complaints (other complaints about dogs) commenced within 24 hours.	100%	100%	100%	100%	Ongoing target 100%						
% of potentially higher risk food premises inspected at least once a year.	69% (target 100%)	100%	100%	100%	Ongoing target 100%						

Regulatory services

What negative effects or risks can occur in relation to regulatory services?

<i>Negative effects</i>	<i>Mitigation options</i>
Costs are borne by registered dog owners - unregistered dog owners do not pay.	<ul style="list-style-type: none">• House-to-house surveys to detect unregistered dogs.
Costs imposed on licensed operators, property owners and applicants.	<ul style="list-style-type: none">• A cost-effective service is provided to customers.
Costs and land use constraints imposed on landowners.	<ul style="list-style-type: none">• Costs and benefits of regulatory intervention are assessed.

The Council's key assets relating to regulatory services

The Council holds a minimum of assets in providing regulatory services activities and services.

The capital purchases detailed on the next page are for parking enforcement, noise monitoring and office furniture.

Rationale for activity funding (see also the Revenue and Financing Policy, page 258)

User charges are collected for services considered reasonable by the Council. The level of revenue sought from these activities by the Council for the 10 years covered by the LTCCP is illustrated above.

Costs are generally recovered in full. The balance of the net operating cost is funded by General rates, as the whole community benefits from these activities.

Capital expenditure is funded corporately in accordance with the Revenue and Financing Policy. Refer to page 259 for a summary of the corporate funding approach for capital expenditure.
