# Submission Form

Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?  
Why should this be done?

I want the council to stop supporting the development of malls - allowing them to grow bigger and bigger like Westfields Riccarton. The design is a blot on the landscape. Get people back into the city centre by encouraging various business and even ~~also~~ helping landlords etc who (on a high standard) redevelop buildings.

Let the people of Edgware have the say on what happens to the old pool area. They have lost the asset and how that area is used should be up to them.

Council housing is a good asset to the city. It shows that the city cares for its own, and often it is better suited to single persons living alone unlike state housing.

While the idea of large swimming pools and recreation areas is good remember not everybody can afford expensive costs to go swimming. Perhaps schools etc could be given vouchers for families who find it difficult to afford these things. The key would be children would need to have an adult with them as part of the ticket entry.

You may add more pages if you wish. Thank you for your submission.
