Your Submission:

I am seeking support for biodiversity and conservation initiatives: e.g., support for a CHCH Biodiversity Partnership, support for tangible action on the CHCH Biodiversity Strategy (eg protection of the Canterbury plains dry grassland areas around McLeans Island; rapid action on biosecurity threats), support for the Erfurt Declaration on urban biodiversity, support for formal recognition of the Perimeter Walkway, support for CHCH becoming a member of the LAB.

I am also interested in the planned work to upgrade wastewater collection, treatment and disposal at Lyttelton. This should be given urgent priority.
