Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?  
Why should this be done?

Dear Sir, Madam

My wife and I have been living in Charteris Bay for the past 16 yrs. During this time there has been a population increase of permanent residents. Charteris Bay is a desirable area and sought after by retirees and city commuters.

The noticeable increase in tourist activity is a huge factor. Water sports, yachting, swimming, fishing, etc. There are now hundreds coming at the weekends using every facility available. Overseas visitors are renting, camping, and using existing beaches.

It is evident that water and sewerage promised by the CCC should definitely be included in the council plans for 2009.

Sewerage seepage is evident in many properties particularly in heavy rain, this is a health hazard! Water is always a problem in Summer, many gardens dry up and ~~dry~~ die.

It would be fully appreciated if the council stamped approval of the CBW schemes for years 2009-2010. Thankyou.
