Your Submission:

LTCCP p 251
Proposed capital programme
CAG collection development (challenge grant)

The Christchurch Art Gallery Trust is pleased to see improved support for collection development at the Gallery. The amount available for collection development has been very modest in the past and it is clear that the market has outstripped the amount available for the Gallery to commit to new and important acquisitions. The Trust commends the Council for its initiative in this regard and looks forward to working alongside it to achieve the proposed annual fundraising target.
