

Submission form

PLEASE READ BEFORE COMPLETING YOUR SUBMISSION

The public consultation period is from Tuesday 10 March 2009 to Thursday 16 April 2009.

It will help us if you clearly:

- state the issue you want the Council to consider;
- state what specific action you think the Council should take, and
- state why that should be done.
- type or use black ink for your submission.

Please note: We are legally required to make all written or electronic submissions available to the public and to Councillors, including the name and address of the submitter. In making submissions available to the public, the submissions will be posted electronically on the Council's website. Information will be available to the public subject to the provisions of the Local Government Official Information and Meetings Act 1987. If you consider there to be compelling reasons why your contact details and/or submission should be kept confidential, you should contact the Council Support Team, telephone 941 8999.

You may send us your submission:

On the internet:

You may enter your submission using the form provided on the Council's website at www.ccc.govt.nz

By email:

ccc-plan@ccc.govt.nz

Please make sure that your full name and address is included with your submission.

By mail:

(no stamp is required) to:

Freepost 178
Draft LTCCP
Christchurch City Council
PO Box 237
Christchurch 8140

No anonymous submissions will be accepted.

Whether you use this form or not, you must provide your full name, address and telephone number. If you are submitting on behalf of an organisation please state this and your role within that organisation.

Submissions must be received (NOT postmarked) at the Tuam Street Civic Offices no later than 5pm on Thursday 16 April 2009. To ensure receipt, hand deliver last-minute submissions to the Civic Offices, 163-173 Tuam Street.

Your submission

If you wish, you can present your submission at a hearing. If that is the case, please tick the appropriate box below. The hearings will be held from 11 May 2009 to 18 May 2009. Five to ten minutes will be allocated for speaking to your submission, including time for questions from the Councillors. The Council will confirm the date and time of your hearing in writing, by email or by telephone call.

I do NOT wish to discuss my submission at the hearing, and ask that this written submission be considered
OR

I wish to discuss the main points in my written submission at the hearings to be held between Monday 11 May 2009 and Monday 18 May 2009.

Are you completing this submission:

Submission on selling or closing the Early Learning Centre

Decisions Sought:

1. That Council to retain the Tuam Street Early Learning Centre, or seek to lease a new site in close proximity to either the new Civic Building or the existing Bus Exchange to establish a new childcare facility.
2. Council should not sell the Early Learning Centre as Christchurch City Council is the only Council that provides childcare services to the community. Christchurch City Council should lead by example, not follow.

Advantages to the Community of having an early learning centre provided by the Council

- Closer to parent/s who are working in the civic building and in the Central City
- 48% of the children at the centre belong to parents who work at the Council (Library, City Solutions (Colombo Street) and the Civic building.
- Accessible for parent/s who work in the city, and who depend on public transport
- Easy access for parent/s in case of emergency
- Central location provides peace of mind of parent/s especially mothers, who are working full time in the central business district
- The central location allows mothers who have returned to work from Parental Leave to nurse their infant babies during feeding times as this encourages mothers to return to work and stay working to benefit both the Council and the community.
- Staff at Tuam Street Early Learning Centre are very committed, approachable and professional. They not only are eager to meet the children's individual needs and recognise their potential but also the parent's needs.

Disadvantages of selling of the centre

- Selling the centre creates uncertainty as to the possible future location of the centre, particularly as other childhood centres in the central area are closing or full.
- Relocation to a site that is not accessible or close to the civic building or the bus exchange
- Relocation of building will mean closing of the centre for a period of time which will require the parent / employee to be away from work (crucial down time to the Council project that they are working on) or unnecessary time off from work. There will also be disruption to families, including potentially financial stress.

Disadvantages of closing the centre

- Looking for another centre that provides high standard service as the one that Tuam Street Early Learning Centre is providing is not possible due to long waiting lists.
- This will have an effect on the lives of the children who spend a full day at the day care centre and consider it their second home. Children and their parents will have to suffer the effects of transitioning to another centre with different staff which will cause stress and may lead to a decrease in the quality of the parent / employee's job performance and may require time off work.
- Fantastic, understanding, efficient and valuable staff will be lost.
- Easy access to public transport will be denied.

In General

The Mayor stated during the consultation that there are over 300 Early Childcare centres. However, of these, only half are early learning centres and only a handful are easily accessible. The rest were home based care, play centres (where a parent has to be in attendance), centres that are located in the outskirts of Christchurch and main offices of some of the centres.

The proposal states

'The Council's Early Childhood Education Strategy 2001 confirmed its role in the provision of these three centres to facilitate the provision of quality, accessible and affordable childcare services.'

The community still depends at this very moment on the provision of quality, accessible, affordable childcare services provided by these centres that private centres do not. These provisions will be denied if the Council does not own these centres.

The proposal and the Mayor stated that providing child care services is not part of Council's core business. Despite this, I consider it important for Council to provide community facilities, including affordable childcare services. If the Council does not own the centres, then this will lead to a more profit making activity rather than a community activity. Council should own and manage the centres to set an example for other Councils in the country.

Council's Early Childhood Education Policy states that:

'The Christchurch City Council is committed to proactively promoting equitable access for all children and their families/whanau to quality early childhood education in Christchurch. Priority will be given to the least advantaged and those with special needs or abilities.'

Dated 23 September 1998.

The Council should be able to recognise that even though the centre which was opened in 1932, was primarily set up for flexible and casual access, it is now serving beyond its expectation. In my opinion it is a positive outcome. Women today, do play

a part in bringing in income to support the family as the cost of living is not the same as it was in 1932, where mothers could afford to leave their children in daycares to go shopping. Women need support not only from their families but also from the community and the Council. All the parents of the children attending TLC work in the Central City. TLC is strategically located.

Cost and benefit to the Parent/s who work.

Selling or eventually closing down the centre if it is not sold, will be of significant disbenefit to parents and children who currently use the centre, including the large percentage whose parents work at the Council.

Finding an alternative centre that is conveniently located to public transport and to work is difficult, and the additional cost is high.

There is no benefit for mothers to continue their employment with the council as it would be more costly than staying at home and receiving the benefit.

How this proposal to sell or close the centre will affect me and my family:

As an employee of Christchurch City Council, the cost is very high for me. I have been working at the Council since April 2004. The centre has been a second home for my 2 year old daughter who has been attending this centre since she was 5 months old. Joanna attends the centre for 5 days a week from 8.00 am to 4.30 pm. I work for Council four days per week from 8.00 am to 4.30 pm. The centre being in the City and close to the civic building allowed me to come back to work. Therefore, Council did not have to employ someone else to replace me and retrain them.

There is a long waiting list for other centres and there are not many full time slots in other child care centres.

My daughter and I depend on public transport on a daily basis. Our family does have one car. My husband drops me and my daughter at work but due to different work hours (as he finishes work an hour and a half later than I do), car parking cost and petrol cost, insurance payment on the car and car warrant and registration, it is more cost effective and affordable for me commute by bus and pick up my daughter.

Having to depend on public transport, I will be at a significant disadvantage if the centre closed and no central alternative was provided. Council should be seeking to encourage the use of public transport.

If the centre is not in the city centre, I will have to spend more time commuting rather than working. I will not be able to get to my daughter quickly in case of emergency and my husband works on the other side of town and its not possible for him to get to her quickly either.

I will have to reduce my hours at work due to transport and timing, in terms of picking up Joanna to the hours that the other centres have to offer. This will further reduce my income.

It is not personal for the Council but it is for me and other parents who may be faced with a similar situation.

Not childcare facilities - 42

Not in Christchurch - 38

Not within my commuting route to and from work by bus - 116 (1)

As I depend on public transport.

There are only 4 centres available but not till 2010 or later.
