Date:

16 April 2009

Your Submission:

Keep Christchurch Beautiful would like to submit the following points:

1. We commend Council for its graffiti office initiative and support its funding for ongoing operations and development. We have received positive feedback from the community about it.

2. We note the success of Community House in providing an ideal hub for community groups, and thank the Council for its continued commitment to this.

2.1 We submit that the concept of an 'Environmental House' to cluster Environmental based community and voluntary organisations should be explored and developed.

2.2 We recognise that Christchurch as a city and as a Council has been a leader in environmental and sustainability issues and concepts.

2.3 We seek your support in furthering the idea of having a facility that co-locates key environmental groups and provides a positive showcase for the work that they do.

2.4 We are happy to work with you on this if you believe it has merit.
