Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?

Why should this be done?

- Intergenerational equity + funding capital expenditure - looking into future + new council plan, how much will this long term plan of council decide place a barrier to any alternative future council determine upon.
- Will government see Charitable Trust as a tax device? As government's own tax diminishes for the foreseeable future has council prepared an alternative budget, omitting the Trust concept in order to see what its alternative stance would have to be?
- Agree to Upgrade running town hall. Agree to upgrade expenditure - shower for the conductor! Long requested
- Costs of move to new head quarters?
- Community Doards somewhat underfunded, therefore local concerns.
- Regret loss of committees + decisions too rushed - loss of easy public speaking rights.
- Threat to NZ over imbalance Auckland Super City will bring - + if it is fact there will be real savings? amalgamation did not achieve any.
- Train extension - it has always seemed a tourist project, at great cost and not really going to any destination - expensive irrelevance.
- Maintenance, Pavement - very poor in many cases... across city
- Trees - Salisbury Street never improved, again maintenance issue.
- General structure - not to spread too thickly, but do well once.
- The Arts + Art Culture of the City. It's importance + financial needs.
- The Story of Christchurch to be sustained by retaining + being historic buildings. Help for private citizens to make worthwhile.
- Council housing - insulation + upgrade or renewal.
- Wainmakin River second flood wall to be lowered.
- Lytleton Marina - silt boat chugging -
- Future water concerns - Ellythe Flower Show - ideas
