Date:

16 April 2009

Your Submission:

1. Limit the size of the shopping development at the corner of Main North Road and Radcliffe Road. I believe if this development is allowed to be as large as currently proposed it would adversely affect the quality of surrounding neighbourhood and have a detrimental effect on traffic in the area.
2. Support the development of a community centre in Belfast. This should be sited at the current heart of the community in the Sheldon Park area. This would also be the appropriate site for a Belfast library.
3. Continue the development of the Styx River downstream from Redwood Springs. The river is an environmentally important part of the region. I believe it needs to be maintained environmentally, and the area would be a good site for a walkway.
