Your Submission:

As a player, supporter of hockey and a rate payer in Christchurch, I feel that the council should be taken steps to assist the growth of our sport within our community by funding new artificial turfs within the Christchurch City Council areas. Although hockey is a fast growing sport within the Christchurch area, clubs find it difficult to except many new player as there is already a greater demand on the exsisting turfs and time is not readily available for teams to practise and play games due to this demand and without the introduction of new turfs the sport and clubs will not have the opportunity to grow as in other sports can. Other sports have more opportunities for growth with the ever increasing number of grass sports fields are developed as the growth of the Christchurch community expands
