Your Submission: I would like the council to consider putting in new artificial turfs in Christchurch for hockey. Currently I have two children playing this sport. Having a youth team playing hockey on a Saturday evening due to lack of tuff time speaks for itself. We want our children to play sports into their adult life but lack of tuffs and having to play later in the evening is not encouraging this. The additional of new artificial turfs would allow for more people to play the sport as opposed to turning players away which is the case at present.
