I would like to add to the submissions on the need for more artificial Hockey turfs and facilities be considered for CHCH. I have 2 children actively involved but find the lack of available turfs and the schedule of game times and practises due to this frustrating. Hockey has a huge number of active coached ,players and support that commit time and energy to a number of CHCH residents and I endorse all the reasons that Canterbury Hockey have written in support of more funding and turfs for Christchurch.

I think that a bill board as you approach Greymouth should also be considered for CHCH with the increasing crime rates.
