Your Submission: Lack of Hockey Facilities for Christchurch. I understand that the ratio of registered players to each field in Christchurch is the highest of any metropolitan centre in New Zealand - why should that be the case? It is hard to understand why there is a general malaise in considering this under-resourcing of a popular family sport in the city. The Council needs to provide fair allocation of funding to the on-going development of artificial hockey turf facilities for the city. Yours faithfully Brady Cosgrove
