Your Submission:

I would like the CCC to consider approving the laying of a new hockey turf in Christchurch. The existing hockey turfs are not sufficient to meet the demands of the sport. This is resulting in teams having to practice as late as 9pm and also play this late. This is totally unsatisfactory for high school students (presently my 13 year old daughter trains from 8-9pm). The overcrowded facility is doing nothing to encourage participation in the sport. There is a large drop-out rate of teenage participation in sport and having to train and play so late in the evening is not helping this.

My understanding is that the CCC were committed to laying a new hockey turf in an earlier LTCCP but have since reneged on this commitment. It is now time for the CCC to honour this commitment
