**Your Submission:**

This is regarding the inclusion of Hockey Turfs in the Council plans.

We are currently practicing between 9 and 10pm just to get some turf space, This is indicating that the current turfs are at capacity and that players are being effected.

I realise that Hockey Turfs are expensive to put in, however if there is an ability to put aside space for turfs and other sports facilities so that there is at least room for expansion in the future when money is available.

Cheers guys.
