Your Submission:

I would like for the proposed plans to complete the next stages of Washington Reserve to take the next step. We have been hearing for years that the new development would begin and thus far nothing has been started. Would it be possible for the council to keep all interested member informed of where things currently stand and whether we can expect anything to be this year?

Christchurch as well as NZ is seeing a huge boom in the alternative sports sector and currently Washington Reserve cannot cope with the numbers.

Regards,
Travis Peek
