Email Address for copy of submission:

Date:

15 April 2009

Your Submission:

I would ask the CCC to consider the following concerns I have for Purau, Banks Peninsula.

1. Bring funding for the water and sewerage systems back into the LTCCP for the Purau area. A financial help in the upgrade of all septic systems would be more economical than a link to the Diamond Harbour sewerage system. A low pressurised water supply to properties on the water front would be adequate.
2. Please do not bring anymore street lights to Purau, the stars at night are an incredible sight with moonlight to guide us. There is no need for your expense to bring a service that is not in anyway urgent.
3. Consider the possibilities of extending the ferry service to Purau, perhaps at peak hours.
4. If it is within your authority I would ask the council to review the water bylaws and zone some areas of the beach for swimmers only, jet skis and motorised vessels have made the amenities at the beach increasingly hazzardous.

Many Thanks

Jill Rice
