Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?  
Why should this be done?

What I am asking, is for you to consider, ~~is~~ the building of an ice rink, currently we have one ice rink in Chch, unfortunately it is poorly looked after and smaller than regular size. This makes it hard to train because we are limited to what we can do, this goes for ice hockey and figure as well. The ice rink is also completely broken and it is hard to get the desired training times forcing us to sometimes train in school hours. It is also very expensive, up to \$~~400~~<sup>1250</sup>/h in peak season. I think if we were to have a new rink it would open up many doors for international competition and help ice & winter sport grow in Chch as well as NZ. It would help us become a winter city and give the possibility of someday hosting the winter olympics.

Chch has alot of council run pools but no ice rink. I strongly beleive that an ice rink would benefit Chch greatly, we have so many pools and no ice rink but not everyone likes swimming. Considering NZ's obesity problem I think <sup>more</sup> pools are not what we need, obesse people cant want to expose themselves in a pool to loose weight, but at an ice rink they might feel more comfortable.

I think we should have an ice rink in Chch that is to an international quality and I think nows the time to do it. I hope this is taken into careful consideration and would be happy to discuss anything more further.

Thank-you
