Your Submission:

I would like the council to consider funding additional hockey turfs in Christchurch. I am involved in coaching junior hockey at the club level. I believe there is already insufficient turf to accommodate primary and intermediate school age children in Christchurch, and player numbers are increasing. Already, game and practises are only possible at antisocial times that are often unsuitable for children. The lack of facilities is seriously impacting on the sport and I am sure is limiting growth of the game in Christchurch, which has traditionally been a hockey stronghold.
