Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Living in Selwyn District we have a 45min drive to Porritt Park where all Primary Hockey is played. With only the 2 turfs we have start times of 8am to fit all the games in, which means leaving home at 6:30am. Another turf on our side of town would enable all Primary Players to play on turf not grass and cut down on travel times for all players from the south side of town

Please continue on reverse side if further space is required.

Thank you for making this submission.
