Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Hockey is now a all weather turf game.
We need to have as many development
players on the turf as possible.
Grass is not where children should
be learning hockey skills.
lets encourage as many children
into the sport and keep the older
ones there with plenty of turf
time being available.

Please continue on reverse side if further space is required.

Thank you for making this submission.
