Either Maria or a representative of CBRA wishes to discuss the main points at the hearings

Regarding: Steadfast land, Cass Bay
Steadfast is already owned by CCC. CBRA wishes it to be **gazetted as a recreational reserve in its entirety** for the purpose of:

- Future recreational use including enabling a walking and mountain bike corridor to the Summit Road and the Whakaraupo track.
- Maintaining existing buildings used for community activities by local residents and Sea Scouts.
- Preserving historical World War 2 structures.
- Preserving and enhancing the native biodiversity (including some rare plants) and the stream-bed/gully with its resident native fish.

We believe that a Steadfast Reserve would align with the following Community Outcomes:
A city of people who value and protect the natural environment
A city for recreation, fun and creativity
An attractive and well-designed city
