Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Turf restrictions are reducing the number of  
kids who can play hockey. This is an up and  
coming sport in NZ and kids need to be  
able to participate in this sport as much as  
possible therefore needing more turf!

Please continue on reverse side if further space is required.

Thank you for making this submission.
