Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

There is increasing awareness of the need  
to encourage ongoing participation in sport  
but it can't happen if you have no where  
to play! The pressure on the current fields  
is huge + it is extremely short sighted  
of the council to not plan for another turf  
field.

Please continue on reverse side if further space is required.

Thank you for making this submission.
