Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

I have a problem with the lack of fields in Christchurch. due to the fact that i have to play my sport of choice at 8:40 pm on a monday night due to the lack of turf space and when you finish at 10:00 pm at night its abit hard the next day.

Please continue on reverse side if further space is required.

Thank you for making this submission.
