Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

In order for hockey to continue to grow and provide sporting opportunities for the people of Christchurch it needs to continue to expand the facilities.

The sport is growing at a fast rate and the council should consider this and help fund extra turfs to cater for the hockey communities requirements.

Please continue on reverse side if further space is required.

Thank you for making this submission.
