Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

not enough room for teams
to practice its affecting certain
players abilities. look at areas and
ways of how you can help the
growth of hockey due to the
amount of turf usage. Need a
new turf for players to
reach their abilities and help
others being fit and active. So there
can be social grades too to help
with the get active campaign!

Please continue on reverse side if further space is required.

Thank you for making this submission.
