Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

The sport needs to be able to grow and cater for the requirements of both senior teams (training facility as well as games) and the lower grades. Clubs should not have to turn away players because teams are full and there is no room to enter new teams in ~~the~~ a competition. Young players, especially, lose heart if they don't see a pathway to follow.

Please continue on reverse side if further space is required.

Thank you for making this submission.
