Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

The fields need to be maintained to allow worldclass
teams, players and umpires to develop and visit Christchurch.
Quality players and umpires will be forced to relocate to
other cities if the facilities are not maintained and
extended over the next 10 years.

Please continue on reverse side if further space is required.

Thank you for making this submission.
