Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

~~because~~ Nunweek Turf needs to be upgraded to a full water turf and ~~as~~ increased numbers of players puts pressure on the existing water turfs. Extra water turfs are required to cope with both practice & game time requirements by teams. ~~More~~ players the more players who become skilled at hockey at this level, the better chances

Please continue on reverse side if further space is required.
