Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Hockey is a very active sport and is important
for children & adults alike to have every
opportunity to train and play. As current field
capacity is not sufficient it is very important to
put additional fields in asap

Please continue on reverse side if further space is required.

Thank you for making this submission.
