Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

We have to train from 9-10 at night when the turf is frozen & we are a premier team. Also many people teams are not getting the training they need to improve. Having more turfs will increase the hockey standard in Canterbury - which has been lacking recently.

Please continue on reverse side if further space is required.

Thank you for making this submission.
