Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Council should consider the provision so we
can increase #'s. Due to not enough fields at
present hockey clubs are struggling to bring in new
people there at not enough spots on turfs for trainings.
So more teams wld be impossible. People training at 9-10
at night is off putting in winter months.

Please continue on reverse side if further space is required.

Thank you for making this submission.
