Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

- \* Currently turning away interested players due to lack of available turf times
- \* People expected to train on make-shift surfaces (ie. tennis courts)
- \* Practice times are unrealistic (10:00pm @ night - discourages players, especially the younger one's)
- \* Fantastic family sport that should be promoted, not restricted.

Please continue on reverse side if further space is required.

Thank you for making this submission.
