Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

I think we need at least another water
turf so that more teams are able to play &
train at reasonable times. At present some
players may give up as they are not keen
to train 9 or 10pm at night.

Please continue on reverse side if further space is required.

Thank you for making this submission.
