Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

The existing fields can not accomodate
all requests for use of existing fields,
with over one-third of training time
requests turned down in both
2008 and this year

Please continue on reverse side if further space is required.

Thank you for making this submission.
