Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

- The existing fields can not accomodate all requests for use of existing fields.

- per council policy they should ensure communities have access to community facilities that meet the needs of the public ie more additional artificial fields in christchurch.

Please continue on reverse side if further space is required.

Thank you for making this submission.
