Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

because many teams are forced to
play at hours of the day which are
not particularly comfortable in terms of
heat and sociability and so in terms of
players performance, it is difficult
to play one's best at 7 or 8 in the
morning. I recommend the construction
of at least one other turf complex like
Porritt but optimally more than that.

Please continue on reverse side if further space is required.

Thank you for making this submission.
