Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

I believe supporting sports is an important function of the council.

The issue of hockey turfs is specially important because they are vital to hockey in Christchurch. The current hockey turfs are operating at near maximum capacity and this is limiting growth of this sport.

C.C.C need to address this deficiency with adequate funding.

Please continue on reverse side if further space is required.

Thank you for making this submission.
