Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Already at the moment teams are  
limited in turf time and some  
of the competitions have to be  
played on grass. To be forward  
thinkly planning is necessary to  
accomodate today's needs so  
at the moment this isn't catered  
for so ~~not~~ not having any future  
development means that Canterbury  
and N.Z. hockey is being limited

Please continue on reverse side if further space is required.

unduly and that is NEVER good

for any sport.

Thank you for making this submission.
