Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Christchurch is short of artificial hockey turf. This limits the amount & quality of both playing time & ~~to~~ training time. In addition the City cannot attract the high level provide sufficient playing time to attract tournaments to the City. Lack of tournaments lack of funds / tourism funds

Please continue on reverse side if further space is required.

Thank you for making this submission.

The game will develop  
if further turf is provided.

~~Can~~ The turf Canterbury was  
a leading hockey force  
unfortunately they have lost  
this & will drop further  
as turf time is limited  
further.
