Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

The provision for another turf should be provided so that teams are not having to train at ridiculous times when the field is frosted over.

Also so that the field is not shared between 6 teams so that they can get a decent practice

Please continue on reverse side if further space is required.

Thank you for making this submission.
