Phone No (evening) 3398509

Email (if applicable) _____

Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Currently there is already a shortage of turf
available for primary grades which is
limiting progression through grades/development
of hockey players. It is so important to
plan for additional turf to allow the
sport to continue developing and to
support policies of getting more kids
into sport and active lifestyle.

Please continue on reverse side if further space is required.

Thank you for making this submission.
